REPORT of SUPERINTENDENT of SCHOOLS

To the School Board Members and Citizens of Rollinsford:

It is with mixed feeling that I submit this my third annual report concerning the administration of your schools. Starting February 2, 1953, I will begin work in Washington under the Point IV Program with the ultimate goal as Educational Specialist in Tehran, Iran. Words cannot express the satisfaction which has been gained by me in working with the people of this community. I will long remember this fine experience.

I hope that you will give Mr. Arthur Toll, my successor, such wonderful support.

Rollinsford has been fortunate in retaining its veteran teaching staff who continue to do a fine job. Mr. Lewis Hatfield deserves a great deal of credit for his fine effective manner in which he has managed the Rollinsford Grade School.

In music, John Whalen resigned and was replaced by Lillian Green, a graduate of Boston University. There has been considerable improvement in the music department during the past year.

Most of the classrooms have been repainted and the school looks very cheerful.

The hot lunch kitchen has been redesigned and now accommodates any child who would like to take lunch. This work included new cabinets and an automatic dishwashing machine.

The ceiling in the upper hallway has been in a poor condition and it is hoped that this work can be completed before the end of this school year along with a small amount of painting. The only project which should be completed in making the present building in first class condition, would be the gym floor which should be sanded and resealed.

Following this report will be records of census, tuition and reports of other school personnel.

Thanks again for your fine cooperation.

Respectfully submitted,

ARTHUR W. DANIELSON

REPORT OF SCHOOL PRINCIPAL

To: The Superintendent of Schools

The Rollinsford School Board

The Citizens of the Town of Rollinsford, N. H.

It is with pleasure that I herewith submit a report of the activities of the Rollinsford Grade School for the period of time beginning January 1, 1952, and extending through the present school year.

ENROLLMENT

The Rollinsford Grade School resumed sessions after the summer vacation on Tuesday, September 2, 1952, with an enrollment of 145. The distribution of which is shown in the Enrollment Table of the Superintendent's report.

INSTRUCTION

The instruction of pupils continues on a plane that is similar to the level of instruction of the past year. During the number of visits to the individual classrooms made by the principal, it has been noted that the quality of the instruction is high and that the faculty as a whole is conforming to the standards of instruction advanced by the State Department of Education. It is to be found also that the curriculum as set up by the State Board of Education, with such modifications or additions as have been found necessary by local conditions, is being adhered to.

The School has been fortunate indeed that there have been no changes in the faculty. It has been said that a school system is indeed fortunate that is able to retain the services of a group of teachers that can work comfortably with one another as a single educational unit. The following Faculty Data Table will give a brief summary of the qualifications of the Faculty.

FACULTY DATA TABLE

<i>Teacher</i>	<i>Grade Teaching Assign- ment</i>	<i>Degrees held</i>	<i>Experience</i>	
			<i>Rollins- ford</i>	<i>Else- where</i>
Anne Brown	1	Perm. Cert.	42	0
Bernice Doherty	2	Perm. Cert.	42	0
Edna Ordway	3, 4	Perm. Cert.	10	7
Mildred Burns	5, 6	Bachelor of Arts in History	4	0
Ralph C. Steeves	6, 7, 8	Bachelor of Science in Education	4	0
Lewis W. Hatfield <i>Principal</i>	6, 7, 8	Bachelor of Science in Education Master of Education	4	9
Lillian Green	All grades	Bachelor of Music	1	0

A word should be said here relative to Miss Green. She came to the system after Mr. John Whalen left us last year, and has very capably filled a spot in the curriculum that needed balancing. Under her capable guidance, it has been possible to level out some of the inequalities in the field of music instruction. She is giving excellent instruction in the fields of singing of unison and part music, music appreciation, rhythemics, and music reading.

Miss Green is also providing instruction in instrumental work with the piano, trumpet, drums, violin, and Glee Clubs.

HOT LUNCH PROGRAM

This department is under the capable supervision of Mrs. Edward Bureau who serves as both dietician and cook. She is ably assisted in the work by Mr. Edward Bureau, the custodian of the School.

Probably this department in the school has had more changes in it during the past year than any other. These changes have been made necessary by many reasons, some of which are enumerated below:

- (a) Complaints by parents that they did not want their children to go to school to wash dishes.
- (b) Increased number of meals served per day.
- (c) Insistence of the School Lunch Division of the State Department of Education upon certain changes, relative to storage of food, and care of eating utensils.

With these reasons in mind it has been necessary to install in the kitchen a Kewanee Power Dishwashing machine. This machine will wash and rinse all of the dishes and silverware that is used in the lunchroom without the use of hand work. It also eliminates the use of dish towels for drying purposes. This is most desirable in that it keeps the dishes from contact with harmful germs that may be on the hands of the washer and prevents the spread of infection because of the scalding action of both the washing and rinsing action. Washing is done at a temperature of 160 degrees F. and rinsing at 180 degrees F. Both of these heats are demanded by the State Department of Health.

The lunchroom was desperately in need of a storage refrigerator that was large enough to handle the daily food supply and also the daily supply of milk. Therefore, this year we have installed a new refrigerator of 27 cu. ft. capacity to replace the old home style 6 cu. ft. capacity. Payments for this machine are being met on a monthly

basis extending for a four year period with no carrying charges or interest being paid. It is felt that \$15 per month is little enough to be paid for excellent protection from spoiled food.

It has also been necessary to install a twenty cu. ft. deep freeze storage unit. This has been made necessary by the somewhat large and sometimes erratic delivery of meats, poultry, and dairy products, that must have freezing protection and care. Since the school did not have the necessary equipment, it became necessary to buy it. By Special arrangement with the Crosley Company, made by Mr. Arthur Flynn, it was possible for us to purchase this freezer at a very small price. Again it is felt that the small amount that was paid for this machine is more than offset by the savings made on outside storage charges, ease of handling, and protection from spoliage of *high priced* food.

This year for the first time since the beginning of the school lunch program in this school, the lunchroom has been opened to ALL children of the school. This means simply that any child who is a member of the school, whether he comes to school on the bus or walks to school, may purchase his or her dinner at any time. This opening of the cafeteria generally has resulted in a substantial increase of the number of meals served. At the present time we are serving 88 meals per day, and hoping that there will be many more who will take advantage of the low-cost meals served in the lunchroom.

Because of the similarity of this year's work to that of past years and of the compulsory necessity for similar reports, I have covered only the most important items in the preceding report.

CONCLUSION

In conclusion may I offer the thanks and appreciation of the faculty and the staff of the Rollinsford Grade School to the Superintendent, the members of the School Board, and the citizens of the town of Rollinsford for their help and understanding in a cooperative venture to make this school the kind that serves a community well.

Respectfully submitted,
LEWIS W. HATFIELD,
Principal.
